

Harley

Harj mitakuyapi! Harley Gullikson emakiyapi. Winuŋna de miye. Hello, my relatives, I am Harley Gullikson. I am a rising junior at South Dakota State University. I am majoring in psychology with two minors in American Indian/Indigenous Studies and Human Development/Family Science. I am studying to become a counselor. I am still in my undergraduate program, but I plan to continue my studies into graduate school. After my bachelor's degree, I hope to start my journey toward my master's degree in counseling. I plan to use my education in hand with my background in American Indian and Indigenous studies to hopefully integrate Indigenous values/culture into my field of work.
