

Brittany

This is my third year in college. I am pursuing two Associate Degrees. I plan to continue my education pursuing a Bachelor's Degree. I maintain a cumulative GPA of 3.9. Right now, I am a Certified Peer Support Specialist, working toward case management. I plan to continue my education in the Social Work career field once I finish these two degree's at United Tribes Technical College. After I finish school and gain some experience, I plan to return to one of our Indigenous communities, to continue to support relatives through my lived experiences.
